

## WAEH Annual Meeting 2022

### The Future of Eye Hospitals and Ophthalmic care

The World Association of Eye Hospitals is the global association of eye hospitals and aims to continuously improve the experience, care and outcomes of patients with eye disorders. There are currently 55 member-hospitals.

Each year the WAEH holds a conference hosted by a member hospital. The 16<sup>th</sup> annual meeting of the World Association of Eye Hospitals will take place from Tuesday 4<sup>th</sup> October until Saturday 9<sup>th</sup> October in Baltimore, USA and San Francisco, USA. During this meeting, organised in cooperation with The Wilmer Eye Institute Johns Hopkins Medicine from Baltimore and the UCSF Eye Health from San Francisco, cutting-edge knowledge and experience from Eye Hospitals from all over the globe will be presented. We expect approximately 80 people from the global network of 55 eye hospitals and eye clinics from all over the world: ranging from medical personnel, allied health staff, fundraisers, ophthalmologists, to CEO's.

#### Themes of the meeting 2022 are:

- Innovation in Eyecare (AI / AR / VR / Telemedicine / EPD / Robotics)
- Quality Improvement in Eyecare
- Designing Eye Hospitals
- Improving Healthcare Delivery Design - Designing for the real world context of care
- Hospital Management
- Fundraising

#### **Support thought leadership and education**

We are delighted to invite you to support this upcoming 16<sup>th</sup> annual meeting of the The World Association of Eye Hospitals with an unrestricted educational grant. This type of support is key to helping promote the creation and exchange of knowledge between the world's leading researchers, practitioners and policy-makers working with, or within, eye hospitals worldwide.

With very best wishes,

Cathy Kowalewski  
President WAEH  
United States

More information about WAEH is available at [www.waeh.org/en/](http://www.waeh.org/en/)

## **Options for financial support**

You can financially support the WAEH Annual Meeting with an educational grant or by purchasing an exhibition booth (in Baltimore). This type of support is key to helping promote the creation and exchange of knowledge between the world's leading researchers, practitioners and policy-makers working with, or within, eye hospitals worldwide.
